

## The politics of genocide by substitution: Anti-Racism, the Trojan Horse for the “Great Replacement”

Grégoire Canlorbe, American Renaissance, 21 September 2018 *also see* <https://www.youtube.com/watch?v=LVX1wq0pO4A> - a Red Ice video.

Wagner’s Tannhäuser is a character who has fallen from grace with men and with God. Both man and God are characters whose fate is beyond their own control.

“Mors certa, vita incerta,”

Philip K. Dick, *Do Androids Dream of Electric Sheep?* (1968)

It appears that if nuclear war does not destroy Western Europe, race suicide will. In 1800, Europe had 20% of the world’s population. Today it has 9%. Unless the increasing demographic imbalance is radically corrected, it will have 4% in 2075 [ ] Bangladesh, a miasma of poverty and ignorance, now produces more babies annually than all Western Europe.

Wilnot Robertson. *The Dispossessed Majority*

**Yes! they want to replace White people. The “great replacement”** (French: “*le grand remplacement*”) is a term originally used by **Jean Camus**, a *French writer of both prose fiction and political polemics*, to describe the **demographic replacement** of European societies with non-European people due to **globalist mass immigration policies**—an existential threat—combined with low birth rates among many European countries, which states that the White Christian world population at large is being systematically replaced by the **United Nations of ZOG** and **Luciferean Brussels**—home of the European Parliament and the *de facto* capital of the **European Union**. In the same breath those devils speak of the life-threatening “**global warming**” carbon crisis—which is nothing but a “**blood from rock**” tax squeeze—they are selling us the lie that the vast majority of the wealthy Western European populations are dying faster than they are having kids, whereas the African and Arab populations that they are importing are breeding like rats and having three times as many kids. Thus, even as **Abram** screwed over **Nimrod**, betraying the **blond-and-red-haired blue-eyed Caucasian race of ancient Chaldea** by selling him the lie that the Brown and Black subhuman races wouldst labour to erect the **Tower of Babel** (Genesis 1:26) - *infer...* only to confuse their language (Genesis 11:1–9)... *and look at all the backwards dark-skinned hooked-nosed people in the Middle East today*. So too didst **Jacob** kykishly screw his father-in-law **Laban** over by a similar miscegenation trick, *i.e.*, breeding his speckled, spotted and coloured sheep and goats with Laban’s pure white flocks (Genesis 30:25-43).

“We have to exterminate White people off the face of the planet.”

Kamau Kambon, Professor of African-American Studies

“Abolish the White Race as a social group.”

Derrick Bell, Harvard Law School Professor

The UN-controlled **International Council for Local Environmental Initiatives (ICLEI)** is pushing their ***Fabianist wolf-in-sheep’s-wool*** utopian “matrix” <sup>1</sup> **Agenda 21** <sup>2</sup> disinformation program on environment and *so-called* sustainable development—pushing for “**government control on a global level**” and undermining land use, transportation, and energy planning and environmental regulation at the local and regional government levels which will ultimately lead to a “**new Technotronic Dark Age of pain and misery yet unknown to mankind**”—a sea of change that will end with the imposition of “**a new kind of ‘donkey-in-a-lion’s-skin’ tyranny**,” something akin to both socialism and fascism.

“The technotronic era involves the gradual appearance of a more controlled society. Such a society would be dominated by an elite, unrestrained by traditional values. Soon it will be possible to assert almost continuous surveillance over every citizen and maintain up-to-date complete files containing even the most personal information about the citizen. These files will be subject to instantaneous retrieval by the authorities.”

Zbigniew Brzezinski, President Jimmy Carter’s national security advisor, *Between Two Ages: America’s Role in the Technetronic Era*

The UN program is *literally* called “**replacement migration**” and the premise behind it is total garbage: Virtually none of the outlandish claims about Agenda 21 are true. Yet, as with all such baseless propaganda, the hysteria over it has had the effect of poisoning any kind of rational discussion of the very real challenges we face—challenges that are essential to tackle head-on in an increasingly complex and stressed world—they claim a “replacement migration” of Third World people lacking of intelligence, understanding, reason, wit, or common sense is needed in the West to help take care of an aging population!

“Treason to the White race is loyalty to humanity.”

✧  Noel Ignatiev, Harvard Professor

They want to replace White people to save Western civilization. They say it’s the only solution to a declining and aging population, yet no one really believes this. The statistics show the complete opposite! migrants in Europe and all over the West cost us greatly and not just financially. More-so, about this lie of an aging and dying population not having kids: first, populations have always ebbed-and-flowed, it’s nothing to freak out about! there are still millions of young fit Europeans in their countries who are having kids—and, according to the **Georgia Guidestones**, there are too many people on the planet already; secondly, if governments in the UN were so concerned about Europe’s low birth rates, they could easily incentivize a baby boom, like in Russia, Hungary and in Italy—there’s a lot they can do to make babies happen but, *instead*, they’ve opted to opened the borders for *so-called* needy foreigners who eat up a welfare-State’s resources and take territory—whilest people with ancient bloodlines, deep roots in the nations soil, cannot afford to purchase homes or are driven out of their homes onto the streets in disparaging State-sponsored poverty. The truth is they don’t want more White babies. And, anyone who challenges low birth rates is viciously attacked and shamed by World News, like Congressman

<sup>1</sup> The **Matrix Trilogy**, which presents the human experience as a desperate war against machine overlords in a computer simulation of reality, is an allegory of contemporary experience in a **heavily commercialized, media-driven occultist / New Age society**, especially in developed countries—with allusions to philosophical ideas including existentialism, Marxism, feminism, Buddhism, nihilism, and postmodernism.

<sup>2</sup> **Agenda 21** is not a treaty. It has no force of law, no enforcement mechanisms, no penalties, and no significant funding. It is not even a top-down recommendation, seeking instead to encourage communities around the world to come up with their own solutions to overpopulation, pollution, poverty and resource depletion. It is a feel-good guide that cannot force anyone, anywhere, to do anything at all.

Steve King who was lambasted for saying: “We can’t restore our civilization with somebody else’s babies.”

“Not to intermarry racially is bad for the survival of the country.”

Nicholas Sarkozy, President of France 2007-2012

Let’s also recall those who say European women who want White children are racist and that White nuclear families uphold White supremacy... the truth is, they don’t want more White people. The UN and other hostile elites hide behind Abraham’s lie, repeatedly manipulating us with mendacious **MK-Ultra Monarch and Delphi Technique mind-washing** mainstream mass-media bullshit “**newspeak**”, telling us *that* we need foreign-born workers as taxpayers... to take care of our old... our sick... our needy! But what they really want is to replace White people in White nations. They don’t want us to exist in great number at all. They want us to be extinct, but extinction won’t occur because of mass killings (as is happening in South Africa <sup>3</sup>), it will be encouraged through sly propaganda and government policy through mass immigration against our national will, coupled with White guilt programming and empty words of equality and claims of an inevitable mixed-race future.

“Diversity is now in some parts of Europe seen as a threat. Diversity comes with challenges. But diversity is humanity's destiny. There is not going to be, even in the remotest places of this planet, a nation that will not see diversity in its future. That's where humanity is heading. And those politicians trying to sell to their electorates a society that is exclusively composed of people from one culture, are trying to portray a future based on a past that never existed, therefore that future will never be.”

Frans Timmermans, Dutch politician and diplomat who serves as the First Vice-President of the European Commission

Yes! those deviant liars and gadom traitors actually believe that the migratory subversion involved in replacing us White Christian folk with a tsunami of Godless non-European ***simulacra***,<sup>4</sup> specifically Middle Eastern, North and Sub-Saharan African and Asian populations—who don’t take care of their own realms and people—are to be invited into Europe, Australia and North America because they’re gonna be good taxpayers and enrich usurious electronic-fiat-criminals (*e.g.*, bankers) and take care of our old people... our sick people... our needy people...

Make no mistake about it... our glorious leaders believe that Brown and Black Third World people are less intelligent than White people. They also believe that a more diverse population means a lack of social identity and unity. They believe that a less intelligent and/or heterogeneous population means a population that is more easy for (((Postmodern Cultural neo-Marxism))) to control. Along with this, the Abrahamic *era of global capitalism* has resulted in an unprecedented push for profits and growth, which requires foreign labor, *viz.*, debt slaves (*q.v.*) to sustain, which means increasing demographic displacement - *supra*.

“Europe has not yet learned how to be multicultural. And I think we are going to be part of the throes of that transformation, which must take place. Europe is not going to be the monolithic societies that they once were in the last century. Jews are going to be at the center of that. It’s a huge transformation for Europe to make. They are now going into a multicultural mode, and Jews will be resented because of our leading role. But without that leading role, and without that transformation, Europe will not survive.”

✧ Barbara Lerner Spectre, founding director of Paideia, the European Institute for Jewish Studies in Sweden

This *great replacement* is called a *far-right conspiracy theory* by **leftists pushing the real conspiracy** that **only the European races are experiencing below replacement birth rates** and are facing the possibility of **demographic and cultural extinction** in a relatively near future—imposing upon us those destructive forces which are tearing our society apart, including multiculturalism, same-sex marriage and other cultural changes. [There exist *at least* two lefts: *the socialist left* and *the cosmopolitan left*. One promotes *income equality and the planned economy*; the other promotes *the erasure of nations, the leveling of races and cultures, and the abolition of physical and moral boundaries*. Among liberals (the libertarian, free-market sort), some oppose open borders out of fear of communist socialism, but not of cosmopolitanism—as if opening borders were just another way of redistributing the income from rich countries to migrants from poor countries... *especially* Muslims bringing Shari’a with them.]

“The White race is the cancer of human history.”

✧ Susan Sontag, writer, filmmaker, teacher, political activist

“You’re [White people] on the endangered list. And unlike, say, the bald eagle or some exotic species of muskrat, you are not worth saving. In forty years or so, maybe fewer, there won’t be any more White people around.”

✧ Tim Wise, “anti-racist” (*viz.*, “race traitor”) scumbag activist <sup>5</sup>

<sup>3</sup> As of December 2011, *approximately* 3158 – 3811 South African farmers have been killed in farm attacks. Self-reported data from the **Transvaal Agricultural Union** state that 1544 people were killed in farm attacks from 1990-to-2012. Around 49 people are murdered in South Africa every day. *The murder rate increased rapidly in the late-1980s / early-1990s, but between 1994-2009, the murder rate halved from 67 to 34 murders per 100,000 people.*

<sup>4</sup> **Simulacra** are copies that depict things that either had no original, or that no longer have an original. Simulation is the imitation of the operation of a real-world process or system over time: A *simulacrum* (plural: *simulacra* from Latin: *simulacrum*, which means “likeness, similarity”) is a representation or imitation of a person or thing.. In the 1981 philosophical treatise *Simulacra and Simulation* (French: *Simulacres et Simulation*) by **Jean Baudrillard**, the author seeks to examine the relationships between reality, symbols, and society, in particular the significations and symbolism of culture and media involved in constructing an understanding of shared existence.

<sup>5</sup> By **anti-racism**, we mean those foolish idiots and dumbed-down morons that dogmatically deny the *biological reality of race* and, having a mentality which is considered to be informed but is actually deliberate and maladaptive in prohibiting those good folk of our once-great nation—those knowing individuals having the best interests of our august peoples at heart—from practicing any form of discrimination on the basis of race, be it *biological race* or the *race of the spirit*, thaim hapless bastards and/or feminist bitches conceiving a

Anyone who intends seriously to fight cultural Islamization and the loss of racial identity must denounce the invasion from Africa and the Middle East (and Asia). Anyone who intends to fight the invasion should fight the anti-racism that prohibits nations from defending their territories and bio-cultural identities. Anyone who intends to fight the “great replacement,” which anti-racism triggers and protects, should demand the re-emigration of migrants.

The intellectual and moral mistake of believing these *transnational intellectual and cultural elites* who reject the God our forefathers believed in to manipulate the political life of Western nations—the ignoble 3% which rules us po’ *useless eaters*, gullible debt slaves and ignorant goyim that we be—is playing into the hands of *the diabolical ‘goat of Mendes-worshipping’ world superclass* (viz., the Black Nobility, Jesuit-controlled Papacy, war-mongering Kol Nidreic Talmudist money-changers and Ponzi-scheming stock market mammonists, and the terrorist Deep State NWO Shadow Government, *i.e.*, the military industrial / pharmaceutical warfare-warfare complex... and forget y<sup>e</sup> not the Taqiyyaic Islamic jihadists amongst us).

“The man of the future will be a mongrel. Today’s races and classes will disappear owing to the disappearing of space, time, and prejudice.  
“The man of the future will be of mixed race. Today’s races and classes will gradually disappear owing to the vanishing of space, time, and prejudice. The Eurasian-Negroid race of the future, similar in its appearance to the Ancient Egyptians, will replace the diversity of peoples with a diversity of individuals.”

Count of Coudenhove-Kalergi, father of the EU, *Praktischer Idealismus (Practical Idealism)*, 1925

The theory of the great replacement can be traced back to the 1973 novel *Le Camp des Saints* <sup>6</sup> by **Jean Raspail** which depicts the collapse of Western culture owing to *an overwhelming “tsunami” of Third World mass immigration*. The novel, along with the theory of **Eurabia** developed by the Swiss-Israeli writer **Bat Ye’or** in 2005, set the ground then for *Renaud Camus* to develop and present his book entitled *The Great Replacement* in 2012. Camus has argued that **European culture, civilization and identity are in danger of being overrun by mass migration, especially by Taqiyyaic Islamic shari’aists—as is happening right now throughout Europe, and hence we are in truth quietly being physically replaced by these symbiotic <sup>7</sup> doppelgängers. <sup>8</sup>**

“Genocide involves the attempt to achieve the disappearance of a group by whatever means. It does not have to be violent, it could be a combination of policies that would lead to a certain group dying out.”

Malcolm Fraser, Prime Minister of Australia 1975-1983

In the 1982 science fiction film *Blade Runner*, <sup>9</sup> directed by **Ridley Scott**, a loose adaptation of **Philip K. Dick**’s post-apocalyptic novel *Do Androids Dream of Electric Sheep?* is set in a dystopian 2019 future:

web of ways of thinking, feeling, and acting that deny our ancestral identity and ethnicity to cause irrevocable damage to our pureborn people without experiencing personal gain, and, even worse, causing damage to themselves in the process.

Anti-racism also forbids revisionist or negationist speech about the **Holocaust**, because the truth of the matter is considered an offense against Jewry—the same people for which the term **“genocide”** was invented in the first place to describe the horrors they and their Muslim half-brothers inflicted upon the Christian Armenians in 1917... and, *later*, to describe *the great terror famine-genocide* of the Soviet **Holodomor** (Ukrainian: Голодомор; derived from морити голодом, “to kill by starvation”)—a communist Jew-made famine in Soviet Ukraine in 1932 and 1933 orchestrated by the **Central Committee and Politburo** member ☆ **Lazar Kaganovich**, wherein millions of Ukrainians were starved by ☆ Stalin’s Judaic-dominated GPU / NKVD / KGB communist torture experts—disciplined “terror officials,” cruel interrogators, snitches, executioners, guards, judges, pervers; and many bleeding hearts who were members of the progressive Western Left and were deceived by the Soviet regime of horror even provided it with a kosher certificate: ☆ **Genrikh Yagoda** is the greatest Jewish murderer of the 20<sup>th</sup> century, being responsible for the deaths of *at least* 10 million people.

We must not forget that between 19 & 20 December 1917, in the midst of the Bolshevik revolution and civil war, ☆ **Lenin** signed a decree calling for the establishment of **The All-Russian Extraordinary Commission for Combating Counter-Revolution and Sabotage**, the **Red Terror also known as Cheka**—the largest and cruelest State security organization in the world. No revolution in the history of mankind devoured its children with the same unrestrained appetite as did the Soviet revolution; surely *at least* 20 million victims of the *forced collectivization* suffered hunger, purges, expulsions, banishments, executions, and mass death at **Gulags**. Whole population strata were eliminated in an essian carnival of mass-murder: Independent farmers, ethnic minorities, members of the bourgeoisie, senior officers, intellectuals, artists, labor movement activists, “opposition members” and countless members of the Communist party itself. Cf., *The Gulag Archipelago* by **Aleksandr Solzhenitsyn**, outspoken critic of the Soviet Union and communism.

.Notwithstanding, the climate of guilt and repentance after the **Second World War** greatly helped the proponents of anti-racism shape legislation in accordance with their ideology. There were two decisive laws: **The Pleven Law of 1972** created the crimes of racially motivated libel or defamation, and punished incitement to racial discrimination, hatred, or violence. The **Gaysot Law of 1990** was passed to “suppress any racist, anti-Semitic, or xenophobic act,” and forbids questioning the existence of crimes against humanity, including genocide by gas chambers.

<sup>6</sup> The *Camp of the Saints* (French: *Le Camp des Saints*) is a 1973 French novel by author and explorer **Jean Raspail**. The novel depicts *the destruction of Western civilization through Third World mass immigration* to France and the West. Almost forty years after its initial publication, the novel returned to the bestseller list in 2011. It is *controversial* and has often been *denounced as racist and xenophobic, especially* due to its *anti-immigration themes*. The evil hate-mongering extremist **Southern Poverty Law Center** has compared the book to *The Turner Diaries*, attributing its popularity with White nationalists to the plot’s parallels with the *so-called White genocide conspiracy theory*. Cf., *The March* - a 1990 British drama directed by **David Wheatley**: The plot concerns a charismatic Muslim leader from the [Wahhabist] Sudan who leads 250,000 Africans on a 3000-mile march towards Europe with the slogan **“We are poor because you are rich.”** Also cf., *Submission* (French: *Soumission*) - a novel by French writer **Michel Houellebecq**: The novel imagines a situation in which a Muslim party upholding Islamist and patriarchal values is able to win the 2022 presidential election in France with the support of the Socialist Party . The book drew an unusual amount of attention because, by *a macabre coincidence*, it was released on the day of the **Charlie Hebdo shooting**.

<sup>8</sup> A *doppelgänger* is a non-biologically related look-alike or double of a living person, sometimes portrayed as a ghostly or paranormal phenomenon and *usually* seen as an evil twin and equated as *a harbinger of bad luck*.

<sup>9</sup> Early in the 21<sup>st</sup> century, **The Tyrell Corporation** advanced robotics into the *Nexus phase* - bio-engineered synthetic beings virtually identical to a human - known as a *Replicant*. The *Nexus 6 Replicants* were superior in strength and agility, and *at least* equal in intelligence, to the genetic engineers who created them. Replicants were used Off-World as slave labor, in the hazardous exploration and colonization of other planets. After a bloody mutiny by a Nexus 6 combat team in an Off-World colony, Replicants were declared illegal on earth - under penalty of death. Special police squads - Blade Runner Units - had orders to shoot to kill, upon detection, any trespassing Replicant This was not called execution. It was called retirement.

Moreover, in the 1956 American science fiction horror film *Invasion of the Body Snatchers*. an alien plant-spore species assimilates the physical characteristics, memories, and personalities of **“blue-pilled” sleepers** living lives of luxurious security and tranquil happiness... blissfully vapid fools believing the congenital illusion; these duplicates, *however*, are *devoid of all human emotion*. [The slang expression **“pod people”** that arose in late-20<sup>th</sup> century North American culture references to these perfect physical but emotionless imitations grown from plant-like pods seen in the film.]

“The Jews will not replace us! The Blacks will not replace us! Immigrants will not replace us!”

**White Lives Matter** “8/12 Unite the Right” Charlottesville Rally, 11-12 August 2017

Before I go on I want to clarify, you may say: “But they are mostly White.” While many of these elites are actually not, those that are don’t think of themselves as such; most of those who are White are internationalists and they’re not driven by ethnic allegiance or loyalties to their own group—they only care about themselves, their profits and their desire to gain more-and-more power and control; they have grown to hate nations... hate peoples and differences... as these are obstacles for their plans for global hegemony. Another reason why they want to replace us is that White people are against globalism and open borders. Nationalism is rising in response to globalism all across the Western world; people are fighting for free speech, liberty, prosperity and limited government and holding politicians accountable. We invented these concepts... but globalists are dependent upon a docile compliant population of *goisheep*le that is easy to control—that isn’t White people!

South Africa’s ruling party defends the singing of **“Kill the Boer”** an apartheid-era song with the words:

Ayasab’ amagwala (cowards are scared)  
dubula dubula (shoot shoot)  
ayeah  
Aw dubul’ibhunu (shoot the Boer)  
dubula dubula (shoot shoot)  
awu yoh  
awe mama ndiyekele (mother leave me be)  
awe mama iyeah (oh mother)  
Aw dubul’ibhunu (shoot the Boer)  
dubula dubula (shoot shoot)  
Ziyarapa lezinja (these dogs rape)  
dubula dubula (shoot shoot)  
iii yoh

The **African National Congress (ANC)** dismissed a ruling by a regional high court last week that uttering or publishing these words would amount to hate speech and violate the constitution put in place after the end of White minority rule, saying: “The honeymoon is over for Whites”; and, “To be a revolutionary you have to be inspired by hatred and bloodshed”

“These songs cannot be regarded as hate speech or unconstitutional. Any judgment that describes them as such is impractical and unimplementable.”

ANC secretary general Gwede Mantashe

Although a few psychotic maniacs have taken control of most White Christian nations they clearly have a death wish and love of war and violence, whereas the majority of us are good-hearted turn-cheek folk who want peace and prosperity, and to be left alone to raise our children and live a productive and stable life with our family. White people set up colonies around the world, building something from nothing; we aren’t dependent on the government but are highly self-sufficient, resourceful and inventive; we know how to survive without welfare and Walmart’s Chinese-manufactured goods—I assure you, nothing good ever came out of China—which is funny because we created Walmart and welfare! We also know how to dominate, even as a small minority... and, if we need to, we are a wildcard that can always be predicted when faced with incredible odds, to move mountains and overcome massive obstacles, finding ways to survive... and we will continue to do so. White people are independent inventors and problem solvers; we build prosperous systems and societies that generally work well together: Europeans created Western civilization—the light of the world—but we don’t like being told what to think or what to say or what to do; we aren’t collectivists or easy to control like some others—as we want to live in the harmonious homogenous society our progenitors established for us.

We’ve enjoyed living in mostly wealthy nations for a long time now; we built all that ourselves from nothing and didn’t receive aid, didn’t have international organizations helping us—giving us money, food or technology; we didn’t get secret tours of existing factories and industries to copy those in our countries—industrialization came from us... from our minds... from our hands... from our sweat and blood and tears; but we are also inspired by more than just materialism, being more concerned with preserving our culture... our heritage... who we are, including our genetic traits—to preserve our uniqueness. So what is it that maniac elites want exactly? global control of everyone and everything... even human nature. We stand in the way of them living in their ivory tower, deadly spiders weaving a death web for everyone else. They are simply psychopaths who get off on destruction of everything beautiful and pure, while making money doing it. They hate us because we are the ones who can stop them... if only the sleepers wouldst just but awaken from dreaming and accept the truth—that they are at war with us. It *also* seems there’s a faction of them trying to manufacture and fulfill *religious prophecy*; these Satanists believe in ruling the world, including a faction within the UN NGOs... and whilst our Zionist Occupied Governments openly talk about replacing White people, they disguise their sinister plans to create a global village slum, *i.e.*, a Third World crap hole in the West.

So, Europeans will be overtaken demographically, making it more challenging for the rest of us to fight back against those unwelcome hordes trying to replace us.

The beaux mondes have studied us for a long time... and, they’ve found a way of turning our compassion and willingness to help others against us; this unique trait has become our weakness; they want us gone because they want their competition gone, and any potential resistance neutralized. They think long-term and so should you.
